VOLUME 4, ISSUE 12

DECEMBER 1, 2019

Holiday Safety

This time of year, we're all doing a lot. We're planning for the holidays, getting ready to travel, getting ready to host, shopping for presents, decorating our homes, and much more. One thing that is far too often overlooked on our long December to-do lists is safety.

However, it is very important that we stay safe during this holiday season. The obvious threat to safety is of course impaired driving (D.U.I.).

But it's more than that. From 2006 to 2016. there were almost 845,000 holiday related (non-vehicle) injuries reported during the week of Christmas. According to the **Consumer Products** Safety Commission, 12.000 - 15.000 people visit emergency rooms each year due to accidents occurring due to decorating their homes.

So as you enter the month of December. take a pause to reflect on safety while you accomplish the myriad of other tasks before you. Be cautious when using ladders (indoors or out). Be extra careful with tools, even simple hammers. If you're going on a trip, travel safely. Be prepared for the local weather where you're going. Make sure your vehicle is safe and prepared (avoid balding tires, old oil, worn wiper

blades, etc.). If you're hosting, make sure the stairs are kept clear and handrails are still usable, even if they're heavily decorated.

But perhaps most importantly, don't drink and drive. Use a designated driver. Use a rideshare service or a cab. If you realize too late that you haven't planned, use AAA Tow-To-Go program. This program will tow your vehicle (and up to two people) for free up to 10

miles from Christmas to New Year's (12/20/19 – 6am on 1/2/20). To utilize this service just call 855-286-9246. For more information, go here.

One last thing to keep in mind is the safety (and security) of your packages. Consider a doorbell camera or other security camera system for your home to help prevent theft. Also, keep an eye out for your neighbors, report suspicious vehicles or activity

to the Pasco County Sheriff Office.
Consider having packages delivered to your work if that is an option. If you are home most of the day, offer to take in packages for a neighbor that works long hours. A small amount of effort can prevent a very disappointing holiday theft.

The bottom line is safety first. Of course there are a million things to do during the holiday season. However, the last thing anyone wants to do is spend their holiday at the emergency room... or worse. Take a moment to ensure your safety and that of the people around you. In order for it to be a happy holiday, it has to be a safe holiday!

Gate Codes

With 12 of MPII's 14 villages having vehicle gates at their entrances, access to those gates is an important issue for most MPII residents. All MPII residents that live within one of the gated villages are entitled to a personal gate code. Most residents purchase the gate remotes, which are available for sale at the Clubhouse for \$25. for added convenience. In addition, for years now, nearly all residents were aware of our vendor code (#0280). The vendor code only worked during limited hours, but was readily available for food delivery. service vehicles, virtually anyone doing business within the gated villages.

However, that old vendor code was far too widely known. Our CDD Board has decided to delete the vendor code from all gates and set up a new code each month. This new system has already been in place since early November and is working smoothly. Some vendors have had to call the Clubhouse to get

the new code for access. Residents are essentially unaffected as this does not affect their personal codes (which also work 24/7) and most rely on the

remotes anyway.

So, if you have memorized the old code of #0280 to give to service people working or delivering to your home, that code is gone and will not work going forward. Anyone coming that isn't a resident will still be able to gain access, it may just take a few extra seconds at the call box.

Any residents who need to establish or wish to change their personal household code can do so. Stop by the Clubhouse, show your ID, and fill out a very short form and you'll have a new code and the old one will be disconnected. Hopefully this minor change will make the gated villages in MPII a little safer than they already are.

Clubhouse Hours Reminder

As a reminder, two of the only three days per year that the Clubhouse closes are coming up. The MPII Clubhouse is open seven days a week throughout the year for the convenience of the residents. However, there are three days each year that we do "close" so that staff may enjoy holiday time with their friends and families. Christmas Day (Wednesday, December 25th) and New Year's Day (Wednesday, January 1, 2020) the Clubhouse will be closed. Also, the day before each of

those closures, we will close early – at 12 noon.

On these dates where the Clubhouse either closes at noon, or is closed altogether, SOME amenities are still available to residents. Residents can still access the basketball courts, tennis courts, and playground with valid ID cards, but there is no staff on hand and there will be no access to the buildings, including the restrooms. The pool, fitness center, and the main Clubhouse will all be inaccessible.

Other than these holidays, the Clubhouse is open and staffed for residents every day of the year. Please remember that we close for these days so that all our staff members can celebrate the holidays and spend time with their family and friends.

So if you and your family are staying in town for the holidays, be aware of the early closure dates and the closed dates. But remember, even on those closed dates, you can still use some of the amenities. Enjoy the month of December and the holidays!

Hopefully all our residents are enjoying the holiday lights at all the village entrances and at the Clubhouse. Our staff works very hard to decorate each village entrance area and the Clubhouse for the duration of the holiday season. It is the sincere hope of the entire MPII staff, as well as the Board of Supervisors that all the residents of MPII, regardless of your faith, lack of faith, or which holidays you acknowledge or celebrate, enjoy the festive

Holiday Lights

decorations.

Some residents noticed the decorations beginning to go up several weeks ago. Some residents were thrilled about this, some seemed less so. Due to time constraints, a few members of our staff start the process early to ensure that the decorations are completed in time for Thanksgiving, when we start lighting them daily. It takes a lot of hours of work to set up and hang

that many decorations, and we also start early to account for possible weather delays that could slow the process down.

And of course, from all of us at MPII, to all MPII residents and their families: Happy Holidays! Merry Christmas! Happy Hanukkah! Happy Bodhi Day! Happy Solstice! Happy Yule! Happy Kwanzaa! and Happy New Year!

December Holidays

December 1st – 24th – Advent begins. Advent is the season leading up to Christmas. Many Christians celebrate the entire Advent season culminating with the Nativity of Jesus. For those that celebrate: Have a blessed Advent!

December 7th – Pearl Harbor Remembrance Day. On this date, Pearl Harbor suffered a surprise attack and the U.S. was thrust into WWII. Flags will be at half-staff until sundown to honor those who died in Hawaii that day.

December 8th – Bodhi Day. Bodhi day is the annual commemoration of the historical Buddha, Siddhartha Gautama, attaining enlightenment (known as bodhi). Many Buddhists celebrate this holiday with festivals. To

all those who celebrate: Happy Bodhi Day!

December 21st – Yule/ Winter Solstice. Today is the day with the shortest amount of sunlight and the longest amount of darkness (in the Northern Hemisphere). It marks one of the four key positions of the Earth with regard to axial tilt and her revolution around the sun. It has been a special occasion or holiday noted and/or celebrated dating back to Neolithic times. It also marks the beginning of the festival of Yule, celebrated by many Germanic people, wiccans, and pagans. For those that celebrate: Happy Yule, or Happy Solstice! Even if you don't celebrate, you'll likely enjoy that each day for the next 6 months will have a little more sunlight than the previous day!

December 23rd – Hanukkah begins. The Jewish people celebrate Hanukkah to commemorate the rededication of the Holy Temple in Jerusalem. The holiday lasts for 8 days and nights (through 12/30), honoring the miraculous burning of the menorah for 8 days with only enough oil for one day after the Greeks raided the Temple. For all those who

celebrate: Chag Urim Sameach! Happy Hanukkah!

December 25th – Christmas Day. Merry Christmas! For most Christians, this is the celebration of the birth of Jesus Christ. It has also become a cultural holiday, celebrated by most Americans. For all those that celebrate it as a religious ritual, a cultural holiday, or both: Have a very Merry Christmas!

December 26th – Kwanzaa begins. Kwanzaa begins on the 26th and lasts until January 1st. It lasts seven days and is symbolized with seven candles in a kinara to represent the seven principles of Kwanzaa. The holiday is a celebration of African heritage. For all that celebrate: Happy Kwanzaa!

Residents' Council Corner

After a busy October, a month which featured not one but TWO Residents' Council events, it seemed like November was a down month for the wonderful volunteers of the RC. However, they were hard at work planning their final event of 2019 – the annual Visit with Santa!

This family friendly fun event has been a favorite since its inception. Every year MPII's children are able to come and write letters to Santa, participate in crafts, and of course, snap a photo with the big guy himself. Parents are encouraged to bring their own cameras for photo ops. In addition, holiday themed snacks will also be available. As you would expect, December is a busy month for Santa, but the

MPII RC has booked him for Sunday, December 22nd, from 1 pm – 3 pm. This always popular event is open to everyone, so if you have guests in from out of town, or friends from other nearby communities, they are welcome as well.

The Residents' Council is a completely volunteer organization that sponsors wonderful events for the residents of MPII throughout the year. If you can spare a little time and are interested in helping, they are always welcoming new volunteers. They meet once a

month here at the MPII Clubhouse on the 2nd Wednesday at 6:30. The next meeting is December 11th, feel free to come to the meeting, get to know some of your neighbors, and help be a part of this great group that does so much for our community.

Project Narrative

Joey Tree has reviewed the request for proposal from Meadow Pointe II CDD and Joey himself has spent an entire day driving and walking to each and every tree on the list for removal. We have a clear understanding of the job that needs to be done from start to finish. Over the years we have had similar projects and we have completed them with absolutely no hick ups and ahead of schedule. Although the dollar amount of this project is more than any other recent project we've done, it is not the largest project. In the past we never had to pay expensive dump prices, or supply hundreds of replacement tree inventory, which we dont mind doing but thats why this project appears to be the largest contract amount for us in recent history.

All trees will be removed precisely, and no work area will be left until all debris have been completey cleaned up. All stumps will be ground 18" below ground level. The oak trees removed will be replaced with the following 5 types of trees evenly disbursed. Magnolia, Crepe Myrtle, Ligustrum, Verbatim, and Holly. Each tree will measure no less than 1.5 inches in diameter and no less the 5 feet tall. In effort to provide a more competitive bid we will plant any trees that will not be restricted from the conditions of becoming healthy, mature trees in the same place we removed the original tree. This gives us an advantage to be more competitive with our pricing since we are significantly reducing the amount of sod we have to replace. Joey tree LLC plans to utilize the staging area to store several peices of our equipment while this project is underway. There is also a strong possibility we will use a portion of this area to stage logs and or brush in neat well kept piles.

This particular project is exactly the kind of project we want the most. The volume gives it a little challenge and our company works diligently until the project is complete to the highest industry standard. Our company has never took on a project that we were not able to complete, nor was any member of our company ever a part of a company that could not or did not perform.

Upon being awarded this contract Joey Tree LLC will begin work within 21 days of award, pending permit approvals. Joey Tree LLC would like to start with a 10% deposit plus \$10,000 for permit fees. The permit fees paid by Joey Tree per this contract are not to exceed \$10,000 This project will be completed by Joey Tree within 90 days from start to finish. Every employee of our company will be focused completely on only this project until it is completed in full.
